

BRIEF CITY NEWS.

The front of the Turf saloon is being put in and certainly is a most attractive improvement.

BORN—Word has been received in Bisbee of the birth of a son to the wife of N. E. Ferguson of the Bisbee Drug company, in Los Angeles, on Thursday of last week.

Bisbee enjoyed a delightful rain yesterday which cooled everything off quickly and laid the dust thoroughly. Mr. and Mrs. C. W. Moon and Mr. and Mrs. George Porter left yesterday for the Huachuca for a month's outing.

The popular restaurant, formerly owned and conducted by Mrs. Steele, more recently run by Ben Behrens and others, is temporarily closed, on account of the illness of Mr. Behrens, who, however, is rapidly improving, to the great satisfaction of his many friends in this community.

Picnics

The picnic parties were very popular yesterday. The residents of Bisbee started in every direction.

McKinley Memorial Day

Sunday was McKinley Memorial day and was quite generally observed in Bisbee.

Left for Carnival

A large crowd left yesterday for Tucson to be present at the carnival for the following three days.

A Pretty Landscape

The ride between Bisbee and Douglas is now delightful. The recent rains have made the mountains and valley green and beautiful.

Rich Ore

N. A. Centers and Director Briggs were in from the Modern yesterday. This mine continues to stay in the native copper and red oxide.

Held for Grand Jury

Charles Schubert, who was held by Judge Williams for obtaining money on a forged check was taken to Tombstone Monday morning.

Wedding

Arthur J. Applin and Elizabeth Jane Crable were married at 6 o'clock last evening at the home of Mrs. Sampson up Brewery Gulch. The contracting parties are favorably known in Bisbee and have many friends who wish them a happy wedded life.

Hard Rain at Douglas

Douglas enjoyed a hard rain Sunday. It began to rain at 5 o'clock and continued at intervals till 11 o'clock or later. The streets were flooded. This was one of the hardest rains of the year.

From Kentucky

H. O. Shanks of Louisville, Kentucky, and N. A. Hardin of Worthington, Kentucky, arrived Sunday. Mr. Shanks is an electrician and is a cousin to Thomas Richards of the general office. These young men will be employed by the Copper Queen.

Opera Cafe Closed

The Opera Club cafe was closed yesterday morning after a brief business career under the management of C. W. Webb. Mr. Webb has the credit of giving the people of Bisbee a good restaurant and it is to be regretted that he could not make a financial success of the business.

Jim Crow Story

Mrs. Sisson down near the cemetery, has the only pit crow in Arizona. His name is Jim and like all the Jims, he is a crackerjack. Yesterday while Mr. Sisson was putting up a fence, Jim repaired to a keg of nails, some thirty feet away, and carried nails one by one and laid them down in a row for Mr. S.'s use. There is nothing like Jimmy's around the house.

Made His Escape

Officers are still looking for a Mexican who held up Alfred Delbridge on the night of September 13. At a late hour Saturday night Delbridge was in an alley adjoining the Brewery, when a Mexican pulled a six shooter on him and while he held him covered with one hand, he proceeded to go through his pockets with the other. Delbridge lost several dollars in the transaction and a short time afterward notified Officer Thomas.

BISBEE GUN CLUB

From this date forward the practice will be continued, and when the Arizona Sportsman's association meets in Bisbee during the last days of October the Bisbee team will be in splendid condition.

Out of a possible fifty, the score made on Sunday was as follows:

Ike Ives	47
Dr. Carlton	45
George Heagler	43
Scott Whaley	42
Tony Downs	40
M. J. Cunningham	39
J. Irwin	37
C. Sherwood	34

Wielded a Knife

A Finlander named Ole Olson was arrested by one of the officers early Sunday morning in the Anchor saloon when attempting to cut the officer to pieces with a big bowie knife. He seemed to have a mania for killing policemen and seemed to think that every man he met was a policeman. He was saturated with whiskey when the trouble arose and he had drawn a big knife to plunge it into a stranger when he was stopped by a bystander. The man seemed to be crazy and stated that he was after a policeman and was bound to kill him. He chased his man into the Anchor saloon when an officer appeared upon the scene and attempted to arrest him. The sight of a big six shooter did not faze him in the least, for he looked down the barrel and made straight for the officer and crowded the officer behind the bar before he could get a good swing with his six-shooter. The officer took great chances for Olson was striking at him with his knife at every step and if he had not been laid out with a six-shooter over his head he would have doubtless been seriously injured if not killed.

Olson was carried to jail and remained there till he sobered up and appeared before Judge Williams at 3 o'clock in the afternoon. He was fined \$12.50 and costs.

Should Be Made Examples

Officer Thomas arrested three men at 12:30 this morning, whose names are John North, John Karns and Ed King, all of whom claim to be miners employed here, for raising a general riot at the Brewery Gulch restaurant. These individuals, who are big, burly fellows went into the restaurant at midnight and exposed themselves in a most disgraceful manner before two respectable women who happened to be present. The language used was most outrageous and vile, intimidating those present until they secured an officer. Such action should certainly be dealt with accordingly and make it possible for respectable people to go into public places of this nature with safety. Their trial comes up at 2 p. m. today.

Will Give a Dance

The order of the A. O. U. W. will give a dance at the opera house on the evening of the 17th. There is to be a big crowd present and the ladies of the order are making big preparations for the occasion. There are a good many tickets sold already and the women are around making a good canvas of the city and are meeting with excellent success. It is to be hoped that a big crowd will turn out and enjoy the occasion.

Boxing School

The material arrived yesterday for McCoy's gymnastic school and will be placed in order in a day or so that the work may begin. This promises to be a very interesting school and there is already a class of thirty-five who have signed to take lessons from Professor McCoy, who has a wide reputation as a teacher of physical culture, boxing, punishing the bag, club swinging and dumb bells and other such work.

Married

Chihuahua hill was the scene of great rejoicing last night when Adolfo Herndel and Petra Martinez were united in marriage. Judge S. K. Williams performed the ceremony, assisted by an interpreter. There was a big crowd of friends present filling the room and the kitchen. The bride was gowned in a rich satin dress of pure white, a long white veil that almost touched the floor and white gloves.

Died

James Toles died yesterday at 10 o'clock in the forenoon. He had been sick about one week with dysentery. The deceased came to Bisbee about two years ago from the east and has been here since that time. Mr. Toles was a cousin of George Toles and was associated with him in the Red Light saloon. His family went to Michigan to visit, a few weeks ago, where they

The Fall Woolens

The new woolens for Fall and Winter are ready for the men who have their clothes made to order—and there is a goodly number of such men in Bisbee to whom this announcement will be of interest.

Of course, we have the new things, else we'd not be ready.

What are they?

Coronation Cloth, for one thing. Last season the black and white mixtures—"Queen's Morning," it was called—were favorite. Coronation cloth is of similar weave, except that colors are black and red. It's very handsome.

Golden browns in plaids, striped and mixed effects are well represented in the assortment, and brown is coming rapidly to the front as a popular shade.

Woolens with a greenish tinge are still good, and in all the materials the green effects are shown.

Just a word as to how the new woolens are being made up:

As usual, the most popular every day suit is the three and four button sack. The newest thing is to have the pockets made to slant with the edge of the coat, although plenty of men will stick to the old style pockets.

The back of the coat is about half fitting and the front is cut away slightly at the closing.

\$30 to \$45 pays for a suit made to your measure.

We don't consider that we have half done our part unless the suit gives satisfaction in every particular, but we'll do our part.
